- Ariej Mustafa is a dedicated scientific researcher at the Libyan Biotechnology Research Center (LBTRC), where she serves as a team member in the Genetic Engineering Department. Since joining LBTRC in 2010, Ariej has been an active contributor, gaining extensive experience in teaching, conducting research, and acquiring various laboratory skills. Her work experience includes supervising graduation projects and teaching courses at various institutes in Libya. Ariej serves as a trainer at LBTRC, sharing her knowledge and expertise with others in the field. This is reflected in several research papers:
- Assessing Knowledge and Perception of Libyan Health Workers Towards the Novel Coronavirus Disease (COVID-19): A Cross-Sectional Study
<https://doi.org/10.32553/ijmbs.v4i12.1545>
- Association of COVID-19 severity with vitamin D and blood group.
<https://doi.org/10.5281/zenodo.6390000>
- Clinical Characteristics and Outcomes in Diabetic Patients with COVID-19 in Tripoli 2021 Available from:
<https://journal.utripoli.edu.ly/index.php/Alqalam/article/view/73>
- Knowledge and awareness toward autism spectrum disorder among Libyans
<https://doi.org/10.4081/jphia.2024.2762>
- A study on Knowledge, attitude and practice towards premarital screening program among students in Tripoli University.
<https://doi.org/10.7759/cureus.64274>
